East Durham and the Annual Irish Festival

East Durham is known for its Irish heritage and cultural promotion. The town attracts many Irish-American visitors during the summer months who stay at its many Irish motels. East Durham Irish cultural center is the site for annual carnival, Irish feis, and contains flag display of Irish counties.

Olana State Historical Site - The home of Frederic Edwin Church (1826–1900), one of the major figures in the Hudson River School of landscape painting. The centerpiece of Olana is an eclectic villa composed of many styles, difficult to categorize, which overlooks parkland and a working farm designed by the artist. The residence has a wide view of the Hudson River valley, the Catskill Mountains and the Taconic Range. Church and his wife Isabel (1836–1899) named their estate after a fortress-treasure house in ancient Greater Persia (modern-day Armenia), which also overlooked a river valley.
